

TERDAY in the United States the two Arkansas members split on a question of foreign aid.

Senator John L. McClellan put off the upper chamber by a vote of 40 to 43 a resolution calling for President Harry S. Truman not to send more than four additional troops to Europe without first obtaining congressional approval.

At the vote, J. W. Fulbright voted against the McClellan proposal. There is a question just how important the resolution actually is. High legal authorities doubt that Congress has any constitutional right to "order" the president to deploy our fighting forces.

At the vote is significant. A body of opinion in our American one-man rule except in the chips are down in an ac-shooting war.

Thus, the same Congress that bats an eye over how many troops are sent to Korea, where there is real shooting, cautiously gives public opinion on the question of sending unlimited forces by executive order to Europe when there is as yet no actual war there.

And yet, the potential military action may require troop movements to Europe faster than any action of Congressmen and Senators are accustomed to move.

An issue seems to be that the Congress feels the president and state department haven't fully explained military necessity.

Historically, it is the Congress, the president, who declares war, and Congress can maintain good legal point with the assertion that sending unlimited men to Europe might bring on a war that Congress hadn't authorized.

But the president would have an answer. The fact is we sent no precautionary troops to Korea in advance of the Communist attack. I do not authorize a declaration of war against any nation — but got it on our hands anyway.

Tackett, Ellis Opposite on Power Plant

Little Rock, April 3 — (P) — A proposed steam plant to generate electricity in northwest Arkansas has become a political issue in the Arkansas legislature.

Senator Wherry of Nebraska, the Republican floor leader, told reporters adoption of the McClellan proposal may have weakened the drive to convert the pending measure into a law — instead of an advisory opinion to the President.

He said some senators are satisfied the "moral force" behind the McClellan amendment is strong enough so the President can't ignore it.

On the other hand, one of Mr. Truman's strongest Capitol Hill supporters who didn't want to be quoted by name predicted the President will do whatever he thinks is best for the country regardless of any advice Congress gives him.

The plan in dispute involves the building of a steam generating plant at Ozark, Ark., by four north Arkansas rural electric co-operatives. The co-ops have formed a holding company called the Arkansas Electric Co. operating Corporation, Inc., and have asked the Arkansas public service commission to approve construction of the plant.

Tackett and representatives of private utilities have charged that the proposed plant is part of a U. S. Interior department scheme to take over the electrical business in the Southwest through the southwest owner administration a federal agency.

And Tackett told the state commission at a hearing recently that the Interior department is a "hotbed of socialism."

Ellis, in a speech before about 50 managers of Arkansas Rural Electric Co., said:

Senate Favors McClellan Plan on Troop Moves

Washington, April 3 — (P) — A resolution approving the dispatch of four U. S. divisions to swell the Western European army but asking congressional action on future reinforcements neared Senate passage today.

Administration leaders lined up their wavering ranks in an effort to beat off a Republican-sponsored move to send the measure back to committee to be transformed into a bill with legal teeth.

President Truman has said that as commander-in-chief he has full power to deploy troops as he sees fit but will consult Congress out of politeness. He was reported miffed at the Senate insistence that Congress assert a somewhat stronger voice in the matter.

As the resolution stood it merely would put the Senate on record as okaying Mr. Truman's decision to add four more divisions — about 100,000 men — to join the two on occupation duty in Germany. He has already assigned those two to the North Atlantic defense forces under command of Gen. Dwight D. Eisenhower.

By a 49 to 43 vote, the Senate wrote into the resolution yesterday an amendment by Senator McClellan (D-Ark.) which administration forces opposed. It would have the Senate say that no more than the four divisions of ground forces should be sent to Europe in peacetime "without further congressional approval."

Voting in favor of the amendment were 38 Republicans and 11 Democrats; 8 Republicans and 35 Democrats opposed it.

This amendment, bitterly fought by administration leaders, seemed likely, however, to prevent the pending resolution's being sent back to committee to be redrafted into a legal command to the President to give Congress a future voice in European troop assignments.

As such, it would become a joint resolution which would have to be passed by both houses and signed by the President — or enacted over his veto — to become law.

Senator Wherry of Nebraska, the Republican floor leader, told reporters adoption of the McClellan proposal may have weakened the drive to convert the pending measure into a law — instead of an advisory opinion to the President.

He said some senators are satisfied the "moral force" behind the McClellan amendment is strong enough so the President can't ignore it.

On the other hand, one of Mr. Truman's strongest Capitol Hill supporters who didn't want to be quoted by name predicted the President will do whatever he thinks is best for the country regardless of any advice Congress gives him.

Plans Underway to Enlarge Youth Program With All Hope Civic Groups Participating

UAW Builds Its Already Big Treasury

Cleveland, April 3 — (P) — The CIO United Auto Workers union fueled up its treasury with an additional \$12,000,000 annual income today and touched the accelerator on its already ambitious economic and political programs.

The new revenue will come from a \$1-a-month dues boost pushed through yesterday at the UAW convention. The opposition was noisy and persistent but glaringly lacking in numbers.

Actual slicing of the melon was left to a separate proposal today. But the 2,200 delegates had a good idea where the extra money was going before they approved the increase.

In pleading for adoption, the UAW leadership made it clear that 30 cents of the new \$2.50 monthly rate would go directly into local and international union strike funds. Union officers estimated that this would build up a \$15,000,000 "war chest" by the time the major auto industry contracts expire in 1955 — barring a big strike in the meantime.

The delegates also knew that ten cents of each member's monthly dues was earmarked for "citizenship funds" — otherwise known as political action. The union leaders said this would finance campaigns to register voters, drive them to the polls and other election expenses.

Smaller portions will be used to expand union publications, for more extensive education and recreation programs and for similar purposes.

UAW President Walter Reuther already has announced plans to go after a guaranteed annual wage as the next union objective — presumably in 1955. He also has been one of labor's most outspoken critics of the Democratic administration and one of labor's leading campaigners for stepped-up political action.

Allowing for minor strikes, unemployment and other factors which reduce the dues intake, the one dollar boost is expected to net at least \$1,000,000 a month from the union's 1,250,000 members.

The Southwest District of the Arkansas Society of X-Ray technicians will hold its semi-annual dinner meeting at the Park Hotel in Hot Springs Saturday, April 28 at 7 p. m.

Colonel A. B. Ramsey, radiologist for the Army-Navy Hospital, will be the principal speaker and entertainment will be provided by Messrs. Clark and Bailey of Hot Springs.

Ray Allen Sustains Leg Fracture in Auto Accident

Ray Allen of Hope suffered a broken leg and Ruvel Bright escaped injury early today when the automobile in which they were riding was forced from the road and struck a tree on highway 87 between Benton and Little Rock.

Bright was driving when an auto suddenly turned in front of his car, forcing him to take to the ditch, Mrs. Ray Allen said, following a telephone call from her husband from Little Rock.

The Hope auto, owned by Mr. Bright, was practically demolished. The two men were enroute to Little Rock where they planned to attend a television school.

Vinson Urges Combination Service Bill

Washington, April 3 — (P) — The House was urged today by the chairman of its armed services committee to enact a combination draft-universal military training law to give this country "the steel" he said Russia will respect.

In a speech prepared for delivery to open two weeks of debate, Chairman Vinson (D-Ga.) pleaded with the House not to eliminate long-range UMT provisions from the bill to extend the draft law and lower the induction age from 19 to 18 1-2.

To knock out UMT, Vinson declared, would be to "force on the backs of the American people the necessity for maintaining for an indefinite period a large standing force which x x x will eventually jeopardize and possibly ruin the economic stability of this nation."

"The Soviet union listens only to a nation whose voice is backed by steel," he said. "Here is the steel; here is the answer that will meet Russia's ambitions, all wrapped up in this bill."

The Georgian's emphasis on the necessity for retaining the UMT provisions along with the draft made clear his concern about the fight brewing on UMT.

Vinson also said "in a short space of time Russia will have a sufficient stockpile of atomic bombs as to be capable of inflicting a terrible aerial attack on our cities and homes whenever she wishes to do so."

Without trained military personnel, he said, the vast military output of the United States "will be useless."

Vinson warned that "for the foreseeable future and perhaps beyond this nation has no alternative but to be ready for any form of aggression that may be forced upon us."

As for putting a rigid ceiling on military strength, he said, the changing needs of the day would make such a course "shortsighted and unrealistic."

The Senate has already approved a bill which would permit drafting 18-year-olds for up to 28 months service and establish machinery for a long-range universal military training program.

Senate action came March 9; the House will begin voting next week.

Practice on Annual Senior Class Play Progressing

Practice on the second act of the Hope High School Senior play, "Arctic and Old Lace," a comedy in three acts by Joseph Keeserling, began this week, according to Miss Clara Brown, director.

Using a color scheme of dusty blue and brown, the stage committee has completed work on the scenery. The action of the play is laid in the living room of an old fashioned home.

Others who have been named for the play are: Florence McCorkle, Wanda Spears, Mary Ann England, Betty Amos, Barbara Ross, Clara Allen, Pat Middlebrook, Loretta Ward, Shirley White, Joe Barrentine, Donnie McDowell, Curtis Moore, Jack Strickland and Ralph Warren.

Parker to Manage Malco Theater in Dardanelle

Franklin D. Parker, assistant manager of the Saenger and Malco theaters in Hope, to the management of the Joy theater in Dardanelle was announced today by the Malco Theater.

Mr. Parker, after a preliminary trip to inspect the Dardanelle property, returned here last night for Mrs. Parker and they will move to their new home this week.

A native of Hope, Mr. Parker trained for theater management under Eddie Holland, manager of the Malco Theater in Hope.

GOP Wants Tax Program Scaled Down

Washington, April 3 — (P) — Republican lawmakers today demanded a further cut in the administration's 1951 tax increase program. Already it has been scaled down from \$16,000,000,000 to \$10,000,000,000.

Their estimates of the additional taxes Congress is likely to vote this year ranged from \$5,000,000,000 to \$7,500,000,000. They declared that with entirely feasible cuts in spending, this would be enough to keep the budget balanced by the next fiscal year which begins July 1.

Rep. Reed of New York, top ranking Republican on the House ways and means committee, told a reporter: "We'll be doing pretty well to raise an extra \$7,000,000,000. Rep. Keefe (D-Ill.) thought an increase of \$5,000,000,000 to \$6,000,000,000 was ample. Rep. Thomas (D-Iowa) and Rep. Jackson (D-Ohio) set their sights on a minimum \$7,500,000,000 increase.

He said that because actual costs of money have risen sharply, the signature of defense contracts, the cash budget can be kept in balance with two or three billion dollars less revenue than the government's bookkeeping figures would indicate in balancing appropriations against tax receipts.

The Truman administration formally backed down from its original request for a two-section, \$16,000,000,000 revenue increase program yesterday. Secretary of the Ways and Means Committee, Robert A. Taft, said: "We're not going to ask for \$16 billion."

He said the House would have to take the lead in cutting down the revenue program. He said the House would have to take the lead in cutting down the revenue program.

Purchase Rule Brings Some Resignations

Little Rock, April 3 — (P) — Three members of the state board gave resignation as a result of an administrative purchase rule, an administrator says.

The administrator, Governor McCreary, said that the rule would require the purchase of goods and services by the state to be made through a central purchasing agency.

Ellis, in a speech before about 50 managers of Arkansas Rural Electric Co., said:

Americans Cross 38th, Reds Set to Be Massing

Tokyo, April 3 — (P) — An American division crossed the 38th parallel on the western Korean peninsula. Field dispatches said the division was "aggressively" moving along a 100-mile front.

The division was only slightly Communist resistance.

In the early American-led attack, three Russian-made tanks and armored cars were destroyed. They were shot down by American bombers and F-84 Mustangs, which were attacking the Communist road network — the "arteries" — which the Reds had jammed with vehicles and supplies. The attack was a "big blow" to the Korean war.

Gen. Douglas MacArthur said five miles of the front had been gained on the east coast. He said the division was "aggressively" moving along a 100-mile front.

SOCIETY

Phone 1268 or 1269 Between 8 A. M. and 4 P. M.

Calendar

Tuesday, April 3
Troop 8 under the leadership of Miss Margaret Hogue and Mrs. John Yocom will meet tonight at 8 o'clock in the home of Miss Frances Barrentine on South Bonner St.

Miss Pollyanna Williams, bride-elect of Orville Ben Core of Little Rock, will be complimented at a pre-nuptial party this afternoon at 4 o'clock given by the Brookwood teachers.

The district conference of the Woodmen Circle will be held at El Dorado tonight beginning with a dinner at 6 o'clock. A business meeting and program will follow. All members of the local circle are urged to attend.

Alpha Delta Chapter of Delta Kappa Gamma will meet tonight at 7:30 o'clock in the home of Mrs. Paul O'Neal on South Grady St. An initiation of new members will be held at this time.

Wednesday, April 4
The St. Mark Auxiliary will meet Wednesday, April 4 in the home of Mrs. George Green 308 West Avenue B.

Gardenia Garden Club will meet Wednesday morning at 10 o'clock in the home of Mrs. James Pilkinton for a short business session after which the club will go a pilgrimage to Magnolia. Transportation will be furnished by the hostesses, Mrs. James Pilkinton, Mrs. Howard Byers, Mrs. Norman Moore and W. W. Anderw.

The Girl Scout Community Committee will hold its regular monthly meeting Wednesday at 2:30 o'clock at the City Hall.

Thursday, April 5
Pat Cleburne Chapter of UDC

will meet at 2:30 o'clock Thursday in the home of Mrs. J. M. O'Neal 621 West Avenue C.

Hope Chapter 328 Order of the Eastern Star will meet at 7:30 o'clock. All members are asked to be present.

Saturday, April 7
The rehearsal dinner for member of the Williams-Core wedding party will be given at 8 o'clock Saturday evening at Hotel Barlow by Mr. and Mrs. Alva S. Williams, Sr.

Miss Marguerette Blake of Shreveport and Miss Patsy McPherson will entertain with a luncheon at 1 o'clock Saturday in the home of Miss McPherson honoring Miss Pollyanna Williams, popular bride-elect.

Ruth Culppepper G. A.'s Review Mission Study Book

Ruth Culppepper Intermediate Girls Auxiliary of the First Baptist Church met Monday in the home of Mrs. S. A. Whitlow with Mrs. Harry Shiver as co-hostess.

Jan Moses, mission study chairman, assisted by Betty Owens, Barbara Taylor and Jacque Williams gave an interesting review of the book, "Whisper Out of the Dust" by Phillips W. Sapp. This book is one of a series written about mission being done in the southern states by Southern Baptists.

Following the study course, a delicious pot luck supper was served to 16 members and 2 visitors.

Circle 5 W. S. C. S. Meets Monday

Circle 5 of W. S. C. S. of the First Methodist Church met Monday, April 2 in the home of Mrs. Carl Jones with Mrs. J. W. Franks as co-hostess.

During the business session a nominating committee was appointed

ed to elect officers for the coming year. Mrs. James McLary gave the devotional using as her subject "Be Ye Perfect". Mrs. Claude Tillery was in charge of the program and presented Mrs. Ed Whitman who gave a splendid review of the book "Rural Parish", telling of the trials and problems of a rural minister. Delightful refreshments were served to 14 members at the conclusion of the program.

Miss Pollyanna Williams is Complimented
Mrs. Earl J. Barham, Mrs. H. L. Wright and Miss Edna Earle Wright entertained with a towel shower Monday afternoon in the home of Mrs. Barham honoring Miss Pollyanna Williams, bride-elect.

Lovely arrangements of iris and dog-wood were placed at vantage points in the reception rooms. The honoree was presented a corsage of white and lavender iris. She was the recipient of many lovely and useful gifts. The hostess served a delicious sandwich plate and iced drinks to the 30 guests.

Coming and Going

Mr. and Mrs. Walter Low were overnight guests of Mrs. Low's mother, Mrs. Alice Nichols, enroute from Hot Springs to their home in Shreveport.

Mrs. E. P. Young had as guests Monday Mr. and Mrs. Earl Kinard of Junction City and Mr. Kenneth Kinard of El Dorado.

Mr. and Mrs. Gene Grafton, Mrs. Richard Warrendorf and son, Glenn Ray, of Humble Texas were the week-end guests of their parents Mr. and Mrs. Mart Yocom.

Hospital Notes

Admitted: Miss Lynda Malone, Hope; Miss Mary Avis Stroud, Hope.
Discharged: Mrs. Lynn Franks, Hope.

Betty Jean Baxter, Douglas Mullins, Reveal Betrothal

Mrs. Dollie Baxter of Ferris, Texas, has announced the engagement and approaching marriage of her daughter, Betty Jean, to Douglas S. Mullins of Dallas, son of Mr. and Mrs. G. S. Mullins of this city. The Rev. Fred G. Benkley of

First Methodist church, Ferris, will officiate at the wedding ceremony on April 28 at 8 p. m. at the home of the bride, Mrs. H. C. Fallen of Ennis will attend her sister as matron of honor and Fred Russell, Jr., of Wichita Falls, cousin of the bridegroom-elect, will serve as best man.

Following the wedding the couple will make their home in Dallas.

Senate Ready to Take Up Troops Issue

Washington, April 2 —(AP)—The senate, apparently ready to okay the dispatch of four more U. S. divisions abroad, comes to grips today with the troops-to-Europe issue.

With debate limited in a session starting two hours earlier than usual the final form of two pending resolutions remained in doubt. The senate planned to take time

out from its debate shortly after noon to hear President Vincent Auriol of France address a joint session of congress.

The voting came as a climax to the so-called great debate over the course of U. S. foreign policy, but regardless of the outcome it appeared certain the oratory will flow on into next year's presidential campaign.

One of the troops resolutions would put the senate along on record as approving the sending of the four divisions to join two in Europe already assigned to the North Atlantic pact army commanded by Gen. Dwight D. Eisenhower.

SAILING BLUES DO A SMART SUN DRESS

An over-all idea, with broad straps that can be un-buttoned plus a square pocket on the skirt big enough to carry all your beach or gardening paraphernalia. A fabric tough as denim, soft as gingham, that grows more mellow with every washing.

\$8.95

FOR A SUMMER OUT OF DOORS

For the girl who will spend the summer at the seashore, on a sailboat, or in the country, there is nothing so practical as this button front idea in Sailing Blues, so simply designed, so smart with its big white emblem and white braid trim.

\$9.95

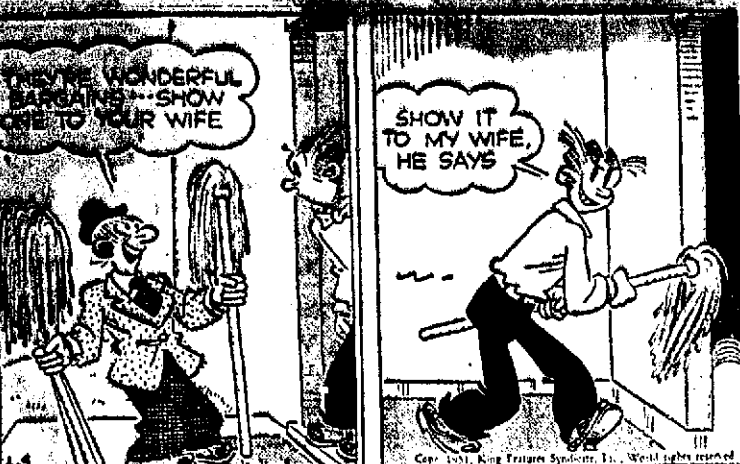

SO CUTE, SO COOL, SO COLORFUL SAILING BLUES

Here's a new dress, smart, back, plain, or with a floral pattern, practical garment for the beach, on the boat, in the garden. Takes to tubbing like a duck — tough but not rough — color to sun, salt and sand — blue or colors — broad white braid trim.

U. S. Ready to Move Into Cotton Strike

Charlotte, S. C., April 3 — (AP) — Federal labor mediators stood ready today to move into the southern CIO cotton-rayon strike, but there was no indication from the union or management when negotiations would be resumed.

The strike of about 40,000 workers — one tenth of the south's textile employees — was in its second full day with both sides still disputing its effectiveness.

Clarence Cone, of the Cone mills corporation of North Carolina, said "I don't see how we can possibly meet the union demand for a minimum hourly wage of \$1.14 1/2. Until we know whether our prices will support such costs, it is impossible for us to commit ourselves to higher wages."

The Textile Workers Union of America, CIO, is asking a 13 cent an hour wage increase, from the present southern cotton-rayon minimum of \$1.01 1/2, plus a cost of living adjustment and pensions of \$106 a month, including social security payments.

At strike headquarters in Greensboro, Emil Rieve, national president of the union, said "the union is in position to stand along strike but we are hopeful that we won't have to."

The larger a bird happens to be, the longer its life span.

News From the Negro Community

By Miss Anne Belle Yeager
Phone 150 or 118-M

The elementary teachers of District 1-A met Monday afternoon, April 2, at the Rosenwald school for their monthly teachers' discussion.

The subject for the afternoon discussion was "What Can the Elementary Teachers Do to Send to the High School Better Prepared Pupils?" Those taking part in the discussion were Mrs. G. L. Williamson, Mrs. D. D. Kern, Mrs. N. Carmichael, Mrs. E. Conway, Mrs. Jodie Walker.

A delightful repast was served by the hostesses of the evening, Mrs. Lula Benton and Mrs. L. G. Foutcett. J. W. Walker is president; Mrs. Fannie B. Buchanan, secretary; Mrs. Jewel Wright, reporter.

Three members of Yeager chapter of N. F. A. and their adviser, W. E. Miller, are attending the state convention being held at A. M. & N. college, Pine Bluff, April 2 and 3.

The three who won honors at the district convention are competing for state honors. They are Bernard Moses, public speaker; W. D. McFadden, livestock judging; and J. W. Walker quiz contestant.

Ike Tells U. S. Congress to Act Quickly

Paris, April 2 — (AP) — General Dwight Eisenhower said today that any delay in congressional action on defense measures would "delay the whole preparation" of defense of Western Europe.

The statement was made in response to a question at a news conference, the first one he has given since he took over command of the defense of Europe. Actually and technically he took command of the organization of Western European defense at one minute after midnight today. Responding to the question about any possible delay in congressional action on pending defense legislation, Eisenhower said:

"Anything done which would indicate reluctance on the part of any country to get into this pool of cold water would delay the whole preparation of defense."

"My concern is that each nation should show its full readiness to cooperate."

Eisenhower said taking over command was simply a formality in keeping with old military tradition that he had taken command.

Nevertheless to most Europeans it had a special significance. Of the moment he took over, all European divisions and naval units which have been turned over to the NATO (North Atlantic Treaty Organization) defense were taken under his guiding wing.

This includes not only their operations in defense, but their training and supply.

Eisenhower set out at once to explain a section of his testimony earlier in the year before a congressional committee by asserting that he had no intention of retiring to the "Brest peninsula" as a means of defending Europe. He said such a quotation had been torn out of context when it was released in Washington some weeks ago. It indicated he was ready to back into the Breton peninsula on the east coast of France and there would be prepared to hold on until strength could be developed to beat off the Russians.

ANOTHER NASHVILLE GIRL WINS A \$1,000 Lion Oil Scholarship!

Everyone at East Nashville High in Nashville, Tennessee, knows pretty Elizabeth Binkley as a school leader—as co-editor of the school newspaper and the year book, as a member of the Student Council and Student Court, as secretary of the Dramatic Guild and one of the school's best public speakers. So when the word spread around that Elizabeth had won a \$1,000, one-year scholarship in the Fifth Lion Oil Scholarship Contest, the response was quick and warm.

"It couldn't have been won by a nicer girl!" was the general sentiment. "Or by one who deserves it more," added Elizabeth's English teacher, Miss Carolyn Binkley, who herself receives a \$100 award for sponsoring Elizabeth's essay.

Even greater things may lie in store for clear-eyed, comely Elizabeth. She is now eligible for the Grand Prize—an additional \$3,000, three-year scholarship to be awarded by Lion Oil this May. The Grand Prize will go to one of the six first-prize winners in the six individual Lion Oil contests.

"But I don't even dare think of winning that!" exclaimed Elizabeth, hopefully crossing her fingers.

A handshake from the Governor! Miss Binkley beams approval as Governor Gordon Browning of Tennessee extends his best wishes to Elizabeth at the Capitol. The Governor remembered having met Elizabeth when she was a Tennessee Girls' state delegate.

Two of a kind! Nashville School Superintendent, W. A. Dow, poses admiringly at a pair of his prize pupils—Elizabeth (center) and Nancy Lee Maguire, also of Nashville, who won the Second Lion Oil Scholarship Contest three months previously. Now both girls are competitors for the Grand Prize!

Elizabeth spends a quiet evening at home with her mother, Mrs. Paul J. McKnight, little sister Ann, 6, and brother Wirt, 10. Active in religious work, Elizabeth is president of the Methodist Youth Fellowship at Tulip Street Methodist Church in Nashville.

Other Winners in 5th Lion Oil Scholarship Contest

Elizabeth Binkley, the second and third prize winners in the contest, as well as the first prize winner in the essay contest, are shown in the large photograph at the top of this page. Elizabeth's prize is a \$1,000 scholarship for one year.

Elizabeth Binkley, and of Miss Ethel Rogers, her teacher, for winning second prize in the Fifth Contest after having captured second prize in the Fourth Contest. And Miss Annalee Thorpe also deserves special recognition for having sponsored both the third-prize essay in the Fifth Contest and the first-prize essay in the Fourth Contest.

Student Elizabeth Binkley, 16, senior in Hi Dorado High School, Hi Dorado, Arkansas. SECOND PRIZE—\$100.

Teacher Miss Ethel Rogers, Elizabeth's English teacher, received \$100 for sponsoring the second prize-winning essay.

Student Beverly Lutz, 16, junior in South Side High School, Memphis, Tennessee. THIRD PRIZE—\$50.

Teacher Miss Annalee Thorpe, 33, senior's teacher of English, received \$50 for sponsoring the third prize-winning essay.

How the Road War Was Established

The Road War was established by the Lion Oil Company, which has been in business since 1901. It is a company that has been in business since 1901. It is a company that has been in business since 1901.

LION OIL COMPANY
Hi Dorado, Arkansas

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.
Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.
